How Does it Work?

1

Fill your sharps container with any medical waste and prepare to mail it back

Place the container into the approved plastic satchel and close it with the twist-tie provided

2

3

Put the bag-enclosed container into the specially designed protective brown box

Insert the brown box into the USPS approved white shipping carton.

4

5

Complete the Customer Manifest Document, insert into the plastic pouch that is affixed to the outside of the white shipping carton. Maintain the white copy for your records.

Carefully seal the carton flap with the water-resistant tape provided. You will receive documentation verifying the destruction of your medical waste within 2-3 weeks.
